No Barriers Education Foundation Inc

Students at Hwata Secondary having their first hands-on computing experience, May 2026

In May, No Barriers Education Foundation handed over ten more laptops to Hwata Secondary. This brings the number of laptops supplied by NoBarriers to twenty (10 were already provided in 2025).

With 266 students currently enrolled, it means 13 students need to share access to one laptop. So, there is still a long way to go before the children at Hwata Secondary get anywhere the IT learning opportunities, we in Australia take for granted. But while small steps, we are heading in the right direction:

These laptops combined with major improvements in the learning environments of classrooms through textbooks, internet connectivity and AV equipment, proper desks & benches plus nutritious meals at lunchtime, bicycles, menstrual health and school fee support – all these help students to overcome barriers to their education.

We thank our many supporters, including the Lang Family Foundation, Eminent Homes and the Direct Aid Program of the Australian Embassy in Zimbabwe, whose generosity makes this possible. **Thank you.**
